PORTIONMENT OF TAX DOLLAR MADE

SALT LAKE, Oct. 17.—Apportionment figures compiled by W. A. Day, deputy in the office of the state auditor, shows that out of every \$1 of property tax levied this year for state and school purposes, 24 cents go to the state, 36 cents to the school, and 40 cents to the local government. The remainder is devoted to national purposes, the district of the state receiving 63 cents; the high schools, 3 cents; the university, 6 cents; the agricultural college, something under 1 cent; and the Branch Agricultural College, 7 mills—almost.

This year the state general fund did not quite so large a proportion of every \$100 contributed to the state as last year. The general fund, \$22.96 went to the state general fund, \$65.22 to the state district fund, \$2.89 to the state school fund, \$5.75 to the university, \$1.00 to the Logan college and 64 to the Cedar City institution.

The reason for the difference as between years, of course, is that the tax for the state general fund this year was placed at 24 mills instead of the 22 mills which prevailed last year, while the district school fund was placed at 4.5 mills, the maximum allowed by the legislature, instead of 4 mills, the maximum allowed by the legislature by the state constitution.

OGDEN ELECTRICIAN KILLED BY CURRENT

OGDEN, Oct. 17.—Joseph Noel, 55 years of age, lineman and electrician employed by the Utah Power & Light company, was electrocuted late Sunday night near Tremonton. He died instantly.

He was in contact with some wires he did not carry any current, but he was working near them when an electric switch turned on the current, and as one wire crossed his right arm and another was in contact with his left side, a circuit was instantly made and death came instantly.

His body was brought to the Lindbergh undertaking parlors late last night.

Noel was a native of Logan, was married and had three children. He lived at McCammon, Idaho, some time and came to Logan several months ago from Tremonton. He had lived for a short time at family residence at 511 East Ninth street. He leaves a wife, Mrs. Mary Noel, and four children, three boys and one girl.

STATE CLAIMED BY STATE IN SUIT

SALT LAKE, Oct. 17.—With the decision of Judge George A. Lever of the Third district court, the state yesterday filed a petition in intervention in the matter of the estate of George O. French, decedent, lay claim to the whole of the estate amounting to \$25,685.20, as now being property of the schools of the state. If the suit is successful, it is understood that this will be the largest estate that has ever heretofore es- tated to the state.

FAMILY FIGHTS FOR WAR RISK INSURANCE

POCATELLO, Ida., Oct. 17.—An unusual case has arisen in Blaine county over the government war risk insurance carried by Lee E. Moore of Halley, Ida., who was killed in battle in October, 1918, in the Meuse-Argonne offensive.

L. C. Moore, Julia Moore, William J. Moore, Monty Moore, Hazel Leiford, Margaret Russell and Eva Allworth are the plaintiffs in the case filed in the district court against Charles Moore.

It appears that the father, first named in the above list, and the brothers and sisters of Lee E. Moore, who took out a \$10,000 government insurance policy, which Charles Moore was named in the policy as beneficiary, but only in trust for all the members of the family, which, they allege, was understood by all.

The family states that Charles Moore has received \$57.50 per month since March, 1919, or a total of \$2702.50. The plaintiffs also allege that Charles Moore has not paid to the family any part of the money except one payment of \$57.50 to Monty Moore and a similar amount to Eva Allworth.

The plaintiffs are willing that Charles Moore should retain his share of the amount of \$1725, but ask for a decree of the court to force an equal division of the future payments.

COMMITTEE HEADS NAMED BY I. O. O. F.

POCATELLO, Ida., Oct. 17.—Poc- atello extended welcome today to the delegates to the Grand Encampment of the Independent Order of Odd Fellows and the Rebekah assembly which convened here yesterday for four days' sessions. A total of four hundred and twenty-five delegates from practically every city in Idaho had been registered at headquarters, and many more delegates are expected. A formal reception was tendered the visitors last night at the Masonic temple.

The president appointed Miss Ellen Abbot of Hazelton as musician. The regular assembly work was taken up in the afternoon.

Following are the various chairmen of the subcommittees of the Rebekahs: Reception, Sarah Roche; entertainment, Priscilla Smith; decoration, Hannah Ash; rooms, Helen Usdel; registration, Gussie Edens; halls, Lela Bell; badges and program, Mary E. Holland; automobiles, John Peters.

ARM TORN OFF IS FATAL TO IDAHOAN

TWIN FALLS, Ida., Oct. 17.—John Anderson, 35 years of age, former resident of Twin Falls and Mackey, died yesterday afternoon as the result of an accident Saturday night when his arm was caught in a belt in the El- kora mill at Jarbidge, Nev., and torn off.

The injured man was brought ninety miles, over thirty miles of mountain roads and trails, from Jarbidge to this place in a few hours and the mangled arm was amputated immediately after his arrival here Sunday morning. Mr. Anderson is survived by his parents, widow and three young daughters and one sister, all of whom live here.

WOMEN'S CLUB SESSION BEGINS

Mrs. E. O. Wattis of Ogden, President, Delivers Annual Address

SALT LAKE, Oct. 17.—Mrs. E. O. Wattis, of Ogden, president of the Utah Federation of Women's clubs, in her annual address at the opening session of the convention of the federation yesterday afternoon made a plea for increased patriotism, loyalty to the nation and the use of every means to build for a greater America. Delegates from all parts of the state were in attendance. The convention was formally opened at the Ladies' Literary clubhouse at 2:30 o'clock in the afternoon following a meeting of the executive body and a conference of the president.

HELPS IN WORLD'S AFFAIRS.
She said in part:
"The clubwomen of today are doing much toward the readjustment of world affairs. The club has been her great training school and it has taught her the value of organized work. Year-books have been received from many of our clubs and they all show an increased interest, especially in American citizenship, one art, the drama and civic improvement."

"American citizenship was greatly emphasized at the biennial. We must center our efforts on American citizenship more strongly in the future than has been done in the past. Increase loyalty and patriotism and use every means to work and build for a greater America during the present period of international and foreign unrest."

"Because of the strength of our general federation we are recognized as a vital force in all activities along civic and philanthropic lines."

URGES CO-OPERATION.
"Let me urge that we, as clubwomen, in our work for the coming year, cultivate to a greater degree the spirit of love and sympathy, with a better and a broader understanding of each other and of the work we are trying to accomplish. Love and sympathy are needs of every human heart, and to receive them we must give them. From the officers and the chairmen of departments your president has had the closest co-operation, which was much needed and duly appreciated, and for which she tenders you her sincere thanks."

"Let your watchword be loyalty to purpose, the uniting of interests and influence of Utah women for the betterment of mankind."

"No federation stands still. We must either advance or recede. I plead with each and every one of you to help us advance, that this year may become the greatest of all the years of the Utah federation."

OTHER SPEAKERS.

Among other speakers were: Miss Edith Bowen of Logan, Mrs. Wallace T. Perham of Glendive, Mrs. R. B. Porter of Ogden, Mrs. Thomas Fouts of Price, Mrs. John Culley of Ogden, Mrs. Edward Bichel of Ogden, Mrs. W. H. Bantz, Mrs. Valentine Gudon of Ogden, Mrs. George E. BOX ELDER LEADS WITH RANGE HORSES

SALT LAKE, Oct. 17.—Box Elder county is the leading range horse county of the state, according to returns made to the state by county assessors. Box Elder county has 2934 horses on the rolls, Cache county is next and Uintah county third.

Sevier is the leading range cattle county, with 19,133 head, out of a total in the state of 290,469. Sevier has 19,132 and Uintah and Utah each more than 17,000.

In cattle "otherwise assessed," meaning, generally speaking, dairy cattle, Salt Lake county has the lead with 8831, of a total of 62,280 in the state. Cache is second, with 7549, followed by Utah.

Millard county, with 259,672 out of the 1,586,949 range sheep found by the assessors of Utah, is easily in first place. The nearest to it is Tooele county, with 153,599. Millard county last year found more than 300,000 sheep within her borders January 1.

NARCOTICS WORTH \$50,000 SEIZED

SALT LAKE, Oct. 17.—Narcotics valued at approximately \$50,000 were seized by federal officers who raided the home of Frank E. Nickolls here last Thursday, according to announcement today. News of the arrest was kept secret, government agents said, to enable them to arrest the alleged distributor in New York.

The raid was characterized as one of the largest that has been made in the west in many months.

R. O. T. C. TO BE RETAINED AT 'U'

SALT LAKE, Oct. 17.—The reserve officers' training corps is to be retained by the University of Utah, it was announced yesterday. Already the enrollment has reached nearly 100 and is expected to pass that number within a few days.

Word was given out yesterday by Major George S. Gay that 103 students had made application up to yesterday afternoon and that new students were continually being enrolled.

For a time, because of the lack of interest displayed by the incoming students of the university, it was feared that the corps would be withdrawn by the government. Such fear has been entirely removed for the present year at least. Major Gay is making plans for polo games and other diversions for the corps this year.

WORK TO START ON BOX ELDER CREAMERY

BRIGHAM, Oct. 17.—Bids have been received for the erection of the Box Elder Products company creamery here and plans have been completed so that actual work may soon begin on the building at First South street just east of Main street. The new company is composed of members of the county farm bureau.

The farm bureau solicitors have about completed getting the stock, which calls for a farmers' cooperative creamery, and about November 1 construction work will commence.

The machinery has been ordered and the new company expects to begin operations about the first of the year.

UTAH MAN FLIES 248 MILES HOUR

Lieutenant Maughan of Logan Breaks All World Speed Records

MOUNT CLEMENS, Mich., Oct. 17.—Traveling at a greater speed than any human being ever before attained, Lieutenant R. L. Maughan of Logan, Utah, a United States army pilot, Monday set a new world's airplane speed record by covering a one-kilometer course at the pace of 248.5 miles an hour.

OFFICERS ASTOUNDED.
The record was made during official government tests of speed planes that participated in the national air races at Selfridge field last week, and was electrically timed by officers from McCook field.

Aeronautical engineers and army and navy officers who witnessed the flight were astounded. The demonstration, they declared, proved that there was no limit to the speed that might be attained in the air.

Lieutenant Maughan made the record-breaking flight in the same plane with which he won the Pulitzer trophy race on Saturday. The machine is a Curtiss army biplane powered with Curtiss 400 horsepower engine.

CONTINUES FLIGHT.
After setting the new record, Lieutenant Maughan continued his flight to show that the tremendous pace could be maintained. On four laps he was timed at the rate of 232.22 miles an hour and his average for eight laps was 229 miles per hour.

Examination of the machine after the flight disclosed that it was in perfect condition, and that nothing in the nature of a "trick" flight figured in the record performance.

Later Lieutenant Maughan added to the astonishment of pilots and officials on the field by flying approximately one mile with the machine on its side. The feat was in reality a flight without the aid of wings.

IDAHO WATER TROUBLE ENDS

Utah Construction Company of Ogden and Other Interests Make Pact

POCATELLO, Ida., Oct. 17.—By a recent conference at Mackay of all interested persons and companies, more than 500 Big Lost River settlers are to be freed from the vexations of what is considered a more or less perpetual lawsuit which has been pending in various courts of the state for the past two years.

As a result of the various conferences through three days a full agreement was reached as to the decree to be entered in the case to put an end to the litigation. The case involves the flow of the Big Lost river and the storage of the Utah Construction company in the Mackay reservoir as well as the overflow waters.

Edwin Snow, as attorney, represented the Utah Construction company and W. L. Wattis of Ogden, president of the company, also was present.

CLEVERLY ARRANGED STILL DISCOVERED

IDAHO FALLS, Ida., Oct. 17.—One of the neatest arrangements in stills that local officers have discovered was found by the sheriff's force Saturday when they found a cave along a creek near this city, fully equipped to turn out liquor. The top of the cave was level with the ground to escape detection and water from the nearby stream had been piped into the cave. Three men were arrested and six barrels of mash and a small quantity of liquor seized.

BOMBS FOUND IN POCATELLO C. OF C.

POCATELLO, Ida., Oct. 17.—Sufficient dynamite to wreck the largest building in Pocatello composed of two bombs found last Tuesday morning in the attic of the chamber of commerce building which is located in the heart of the city's business district. The finding of the bombs was not made public until this morning by Sheriff George F. Mabey, who has been investigating the case. Each bomb contained three sticks of dynamite and black tape was used in wrapping. The fuses in each were about six inches in length. The bombs were wrapped in newspapers and were discovered by the janitor. From all indications the bombs were placed in the attic only recently.

Every Housewife Should Know These Facts About Baking Powder

- that a big can at a low cost many times results in bakings that are unfit for food.
- that lack of proper leavening strength means failure and disappointment on bake-day.
- that one cent's worth of inferior Baking Powder many times ruins one dollar's worth of other ingredients.
- that millions depend on

CALUMET
The Economy BAKING POWDER

not because of quantity but on account of quality—not because of price but by reason of results. That is why the sale of Calumet is 2 1/2 times as much as that of any other baking powder. Buy it—try it—never fail to use it. A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.
